PROFESSIONAL EXPERIENCE

NBTC Group, Kuwait

Head – Learning & Development| *June 2025 – Present*

- Lead the Group Learning & Development strategy for NBTC across engineering, EPC, manufacturing, and project businesses, aligning capability building initiatives with business goals.
- Partner with senior leadership, HR, and functional heads to identify organizational capability gaps and design annual learning roadmaps.
- Design, develop, and deliver enterprise-wide training programs covering safety, technical, functional, and leadership development.
- Oversee Safety & Compliance Training including Fire Warden, HSE, and statutory programs in coordination with approved external vendors and internal stakeholders, ensuring compliance with KPC and local regulatory requirements.
- Drive technical and soft skills interventions such as Planning Skills for Engineers & Supervisors, Sales Performance Optimization, and supervisory capability programs.
- Facilitate knowledge transfer and productivity programs using digital collaboration tools (Outlook, MS Teams, task management best practices).
- Organize industrial and site exposure visits for corporate and support employees to enhance understanding of core operations, heavy engineering, manufacturing, and live project execution.
- Establish mechanisms to measure training effectiveness and ROI, including post-training evaluations and business impact assessments.
- Manage L&D budgets, training calendars, vendor relationships, and logistics across locations.
- Ensure learning governance, documentation, and audit readiness for internal and external reviews.
- Support talent development and succession initiatives in collaboration with HR, enabling career progression and internal mobility.

Watertec, Coimbatore

Assistant General Manager - Learning & Development | Oct 2024 – May 2025

- Leading L&D strategy and digitization initiatives for building materials manufacturing organization

- Implementing LMS solutions and digitizing sales process training through SCORM for enhanced tracking
